About RTS

RTS Play is a manufacturer/distributor of high quality play components. With over 35 years experience in the playground industry we have exceptionally high standards, unique designs and commitment to safety. We pride ourselves with developing long-standing supplier and customer relationships, providing the most innovative products through quality, service and competitive pricing.

RTS Play's parent company, RTS Companies Inc. is an ISO 9001:2008 certified company. RTS Companies Inc. is a leading manufacturer of plastic playground components across North America.

Safety must come first. All RTS Play's equipment is manufactured to comply with the most current CSA and ASTM standards. RTS Play is a member in good standing with IPEMA, the International Play Equipment Manufacturers Association. Testing and validation is an ongoing process as existing, modified and new products are continuously being tested and certified.

All efforts are made to use the best material and processes available to maximize the longevity of our products. Our molded products are manufactured on computer directed machines using polyethylene resin with the highest UV package in the industry.

We are committed to providing our customers with the highest quality, most durable play equipment backed by an extensive warranty, qualified sales and engineering team and dedication to customer service.

Products and Services

Component Orders

Please refer to the part number and color number shown on the price list. Designation by part and colour number on your purchase order will help minimize confusion and assure your order is filled properly.

Example: Part No. 7510-030000-01-00 designates a Red 30" x 30 deg Elbow

Diagram illustrating the part number structure: 7510-030000-01-00. The first four digits (7510) are labeled 'Product'. The next five digits (030000) are labeled 'Material'. The last two digits (01) are labeled 'Color'.

Orders may be sent via:

Mail:

Tube Slides

Custom Tube Slides

Sometimes your projects call for unique twists on traditional tube slides.

RTS Companies has proudly designed hundreds of custom tube slides for commercial and residential applications accross North America.

Never duplicated, our custom tube slides are made to fit your specs, with ongoing support from our team of engineers and project managers along the way.

RTS Slides have been installed in adventure centres, in homes, on boats, in pools and throughout playgrounds across North America.

Landscape Rocks

Enhance you outdoor landscape with ease using durable rotomolded outdoor Landscape Rocks.

RTS Landscape Rocks replicate the natural look, texture and colour of real Armor Stone without the cost, mess, digging or lifting.

Add RTS Landscape Rocks to your outdoor environment with ease... just flip it over, fill with pebble stone, place in your desired spot and landscape.

The durable double walled construction is suitable to leave outdoors all year long without rotting or fading. Fill with water or sand through the threaded hole for added stability.
